

## SIP Overview 2011-12

### Priority 1 - 21<sup>st</sup> Century Curriculum

- Implement Active Vote system.
- Develop Multi-media presentations as outcomes for learning.
- Develop Global Dimension links to UK and International via Skype.
- Increase access to a 24 hour curriculum through VLEs such as Knowledgebox and MyMaths.
- Increase access to ICT during everyday, in time requirements.
- Improve Teachers' WLB through effective, integrated planning and assessment systems
- Improve parental engagement with pupil progress / attainment through integrated communication systems.
- Develop ICT skills of all stakeholders as necessary.

### Priority 2 - Creative Classrooms

- Revisit and reimbed VAK / multiple intelligence / Think Tower strategies
- Develop no hands up classrooms
- Develop the use of the outdoor classroom
- Develop fluid classroom layouts that fit the lesson purpose

### Priority 3 - Making Maths Make Sense

- Develop the problem solving maths curriculum through real life, context based experiences
- Develop children's reasoning skills through clear focus work
- Review best practice at a global level of maths delivery
- Incorporate lessons from the Creative Classrooms / ICT strands of SIP
