

Name: .....

# Year 3 Targets

## Summer Term

**Our writing target is about organising ideas and creating paragraphs.**

They **must** organise their ideas into sections.

They **should** organise their ideas into paragraphs with connected points next to each other.

They **could** organise their writing using paragraphs with some links between paragraphs.

**Our reading target is to work things out using evidence from the text (inference & deduction).**

They **must** offer some simple ideas about events and information from their understanding of the text.

They **should** offer answers based on a key phrase or sentence.

They **could** offer accurate answers with quotes from different parts of the text.

**Our maths target is to use written methods for number calculations in maths.**

They **must** record their work in writing.

They **should** add and subtract 3-digit numbers using written methods and multiply and divide 2-digit numbers.

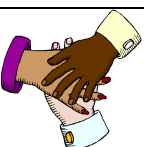

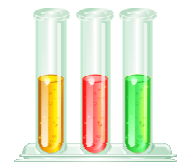

They **could** use efficient written methods of addition and subtraction and of short multiplication and division.

**Our Science target is about working critically with evidence.**

They **must** identify straightforward patterns in observations or in data presented in various formats, including tables, pie and bar charts.

They **should** describe what they have found out in experiments or investigations, linking cause and effect.

They **could** suggest improvements to their working methods.

**Our reciprocity target is to recognise when it is best to work in a group and when to work alone.**
