

### Famous fifth finally found

Last night Charlie bucket a selfless, genuine poor boy has finally found and deserved the last golden ticket in London England. Setting out into onto the glistening snowy streets of London, he observed a glint of silver , picking up the shining shimmering coin without a doubt Charlie sprinted to the nearest corner shop and asked for a wonkers whiple scrumptious fudge mellow delight. Eagerly he tore the lustrous wrapper into shreds. Amazingly he discovered wonker's articulate last golden ticket.

Unlike the other winners Charlie is not snobby and demanding as some people call second winner Veruca salt from England Buckinghamshire who after winning the golden ticket she was known for quoting "DADDY I WANT ANOTHER PONY" of course then there was 1<sup>st</sup> winner people describe as greedy guts Augustus Gloop from Germany Dusseldorf. Who quoted "I celebrate by eating by eating more candy" Charlie is definitely not like (known as) aggressive forth winner mike teevee who quoted "I DON'T CARE ABOUT THIS STUPID FACTORY OR THE GOLDEN TICKET I HATE CHOCOLATE!!!!!!!!!!!" 3<sup>d</sup> winner violet Bueraguard a gum chewer champion from,Atlanta,gorgia(usa)who looked in the camera and boasted"IM ONLLY IN IT TO WIN IT,THAT FINAL PRIZE ITS GONNA BE MINE COS IM A WINNER!!!!!!!!!"

Being a poor child in a poor environment Charlie is honoured to have an opportunity like this. He's definitely worthy of the precious last golden ticket. You see Charlie lives in a particularly small,grotty house, with a broken thatched roof. He lives there with four loving grandparents who share a bed and have not got up in years. While mrs Bucket looks after their house,Mr Bucket has a terrible job as a toothpaste factory worker, the workers have said he does not get enough money for the hard work he puts in.

It has been said after Charlie announced his golden ticket at his house Grandpa Joe, after 7 years leapt out of bed and a suddenly did a dance of victory. His bubble was popped in less then a minute when Charlie finally decided that he wanted to sell his golden ticket. Grandpa Joe wisely told him not to. he quoted" ONLY A WALLY WOULD SELL THIS ONCE IN A LIFE TIME TICKET."

Crunching the snow beneath his feet Charlie, ridgedly walked in the cold frost towards the park when he saw a shiny coin deep beneath the cold snow , so quickly he scooped the coin up and wiped the frost off . With that coin he found the golden ticket people offered to buy it off him for 50 pounds and a bike while others offered 500 he rejected the all. Sprinting home he showed his family. They were amazed!!

This is the highlight of Charlie's life he awaits the thrilling day in wonkers factory. The hunt is over.
